IT'S WHAT'S ON THE INSIDE THAT COUNTS.

When considering a senior living community, there are certain “must-haves.” Spacious apartments. A compassionate staff. Inviting meals you can look forward to. Expert, compassionate care.

As a Bridge Senior Living community, we believe those “must-haves” are just the starting point, not the finish line. Because a great life demands more – much more – than simply being “good enough.”

A FEAST FOR THE BODY AND THE SOUL.

If food is the foundation of healthy living, mealtime may just be the foundation of a healthy community. After all, breaking bread with friends and family has been a principal way of building relationships, stirring the heart, and sharpening the mind throughout history.

At The Grande at Creve Coeur, we take the joy of mealtime seriously. Our dining services feature restaurant-quality, chef-prepared meals.

You'll always find something that reminds you of the best home cooking you've ever had, as well as options that may open new culinary doors. Of course, whatever you prefer, every meal will be delicious, nutritious, and customizable to your dietary needs.

Grow as a person, build stronger relationships, deepen your spirituality, expand your knowledge, and live with purpose.

MORE THAN A TOUCH OF USEFUL TECHNOLOGY.

While it may be great fun to reminisce about days gone by, few of us would care to return to using party-line telephones or adjusting rabbit ears on the ole television.

At The Grande at Creve Coeur, we don't just welcome the march of technological progress – we join in the innovation parade.

From apps to virtual tours, here are a few of the ways we're making our residents' lives better via high-touch, high-tech solutions:

Bridge Senior Living App

The Grande at Creve Coeur is operated by Bridge Senior Living. So, naturally, we use the Bridge Senior Living App. Powered by LifeLoop, this app offers a central hub for residents, their families, friends, and staff to stay connected by sharing personalized activity schedules, photos, messages, and more.

Telehealth

The era of doctors making house calls is back – at least virtually. Not only do we offer technical support for your telehealth appointments, we even conduct appointments in the privacy of your room or apartment. It's convenient, safe, and thorough. Just what the doctor ordered.

Virtual Tours

While we'd love to have you visit The Grande at Creve Coeur in person, we know finding the time to do so may be a bit of a challenge. So instead of waiting for a hole in your schedule to open up, feel free to take a virtual tour. Our community has been digitally scanned and recreated in an easy-to-navigate 360-degree setting so you can wander the halls, explore the rooms, and check out the grounds from the comfort of your own home.
